\*The benchmark, the S&P AAA & AA Rated GIP Govt 30 Day Net Yield (LGIPG30N) is a performance indicator of rated GIPs that maintain a stable net asset value of \$1.00 per share and is an unmanaged market index representative of the LGIP universe. The S&P benchmark utilized in this comparison is comprised of pools that invest in U.S. Government securities, U.S. Treasury securities, Repurchase agreements collateralized by U.S. government and treasury securities or any combination of the above. GIPs in the index include only those rated based on Standard & Poor's money market criteria. Pools rated 'AAAm' provide excellent safety and a superior capacity to maintain principal value while those rated 'AAAm' offer very good safety and a strong capacity to maintain principal value (Source: Standard & Poor's website). The comparison between this index and the portfolio may differ in holdings, duration, fees, and percentage composition of each holding. Such differences may account for variances in yield.
