- Special time deposit accounts in, or certificates of deposit issued by, a bank or trust company located and authorized to do business in the State of New York, collateralized in accordance with the provisions of General Municipal Law, Section 10, or in accordance with all of the following conditions:
 1. The moneys are invested through a bank or trust company located and authorized to do business in New York.
 2. The bank or trust company arranges for the deposit of moneys in certificates of deposit in one or more banking institutions, as defined by section nine-r of the banking law, for the account of NYCLASS.
 3. The full amount of the principal and accrued interest of each such certificate of deposit must be insured by the federal deposit insurance corporation.
 4. The bank or trust company acts as custodian for NYCLASS with respect to such certificates of deposit issued for NYCLASS's account.
 5. At the same time that NYCLASS's moneys are deposited and the certificates of deposit are issued for the account of NYCLASS, the bank or trust company receives an amount of deposits from customers of other financial institutions equal to or greater than the amount of the moneys invested by NYCLASS through the bank or trust company.
- Special time deposits may be maintained only with, and certificates of deposits may be purchased only from, creditworthy banks and trust companies.
- Repurchase agreements and tri-party repurchase agreements with member banks of the Federal Reserve System and/or dealers in U.S. Government Securities which have a short term issuer credit rating (actual or imputed) of at least A-1 by Standard & Poor's.

- No-load money market mutual funds registered under the Securities Act of 1933, as amended, and operated in accordance with Rule 2a-7 of the Investment Company Act of 1940, 2 as amended, provided that such funds are limited to investments in obligations issued or guaranteed by the United States of America or in obligations of agencies or instrumentalities of the United States of America where the payment of principal and interest are guaranteed by the United States of America (including contracts for the sale and repurchase of any such obligations), and are rated in the highest rating category by at least one nationally recognized statistical rating organization, provided, however, that no more than two hundred fifty million dollars may be invested in such funds.

No more than 25% of the portfolio may be invested overnight with any one counterparty, unless the counterparty is rated A-1+ by Standard & Poor's, then no more than 50% of the portfolio may be invested overnight with such a counterparty.

A Master Repurchase Agreement (e.g. The Bond Market Association standard agreement, 1996 version) and applicable NYCLASS annexes must be signed by all parties and on file prior to executing any transaction.

Tri-party repurchase agreements are permissible with NYCLASS Board approved counterparties and 3rd party custodians (acting for both the party and the counterparty). Written Tri-party custodian agreements (in addition to The Bond Market Association 1996 standard repurchase agreement) must be signed by all parties and on file prior to executing any transaction. Tri-party repurchase agreements shall not exceed 30 calendar days.

Collateral (purchased securities) shall be limited to the following and shall be indicated as such on Schedule 1 'Schedule of Eligible Securities' of the Tri-party custodian agreement: U.S. Treasuries (Bills, Bonds, Notes, Strips), GNMA I/II Others-Fixed Rate and GNMA I/II Others-Adjust Rate.

Term repurchase agreements ("TRA's") are considered eligible investments under the following conditions:

For TRA's between 2 to 5 business days:

A maximum of 10% of the portfolio with any one dealer

For TRA's with maturities of more than 5 business days: A maximum of 5% of the portfolio.

TRA's shall not exceed 30 calendar days.

TRA's shall fulfill all requirements of the 1996 version of The Bond Market Association master repurchase agreement.

The Repurchase Agreements between NYCLASS and the various approved counterparties require that the aggregate market value of all Purchased Securities from any particular counterparty be at least 102% (the "Margin") of the aggregate Purchase Price of the Purchased Securities.

The Board recognizes that market fluctuations constantly increase or decrease the value of securities; that there is value in maintaining ongoing positive relationships between NYCLASS and the various counterparties; that accepted practice in the industry allows minor deviations from strict application of margins; and that there is a cost of changing collateral securing repurchase agreements. For those reasons, the Portfolio Manager may use discretion before directing that a counterparty supply Additional Purchased Securities until such time as the Margin falls below 101.5%. If the aggregate collateral level of the counterparty falls below 101.5%, the Portfolio Manager shall notify the counterparty to provide sufficient Additional Securities to restore the margin to at least 102%. The portfolio manager will require additional collateral to return the margin to at least 102% on the next business day.

- The maximum final maturity per fixed rate security fully guaranteed by, or for which the full credit of the United States Treasury is pledged for payment is 13 months (397 days).
- The maximum final maturity per floating rate security fully guaranteed by, or for which the full credit of the United States Treasury is pledged for payment is two years (762 days).
- The weighted average maturity to reset cannot exceed 60 days.
- The weighted average maturity to final cannot exceed 120 days.
